

ACE Day at ZDT's

Come join us on Sunday, November 8th for following our SeaWorld event for ERT on *Switchback* and Go-Karts followed by a game and lunch. Everyone will receive an extreme wristband to enjoy all the attractions all day!

ZDT's first opened their doors in 2007 with 5 indoor attractions. The park has quickly expanded over the years to add indoor/outdoor go karts, a parachute drop, an arcade, waterslides and several other attractions for guests of all ages to enjoy. In 2015 they added their largest attraction, *Switchback*, designed by The Gravity Group.

Switchback is the world's *first* and *only* modern wooden shuttle coaster, meaning this roller coaster goes both backwards *and* forwards! Experience the thrill of the 104-degree overbanked turn, tunneling around and through a building, and finally up the Grand Spike! Riders will be thrown straight up in the air to a record breaking 87 degree near-vertical angle, only to fall backwards and ride the track again in reverse!

ZDT's is open all year and offers free parking. While there are several food options available, guests are also free to bring their own food and drinks while enjoying the outdoor section of the park.

COVID-19 Notice

The greatest concern of American Coaster Enthusiasts is the health, safety and enjoyment of its members. To ensure continued safety, ACE is closely monitoring the ever-evolving COVID-19 situation. As a result, we ask that you respect the wishes of ACE and the park.

Please follow and respect all safety procedures instituted by ZDT's Amusement Park, our host for the event. This includes wearing face coverings as requested by the park. If you feel you cannot follow the procedures put in place by the park, please do not register for the event. Since this is a constantly changing situation and will most likely change after the publish date of this event flyer, you can view the most up to date information from ZDT's here:

<https://www.zdtamusement.com/pages/covid-19-procedures>

When arriving for morning event check-in at the park, as a courtesy to the volunteers working, please wear a face covering when approaching the check-in area. The volunteers will be wearing a face covering as well. We likewise suggest and encourage wearing face covering when in close proximity to one another when socializing prior to entering the park.

We realize that many of you attending may be seeing some of your ACE friends for the first time in quite a while. We know that you'll be happy to see one another, but given health concerns, we kindly ask that you refrain from shaking hands, hugging and any other physical contact outside those in your group/family. Everyone has different comfort levels in terms of being in close proximity to others. Please be respectful of other members and allow a six-foot distance between one another, unless it's made clear by all involved that closer proximity is welcomed.

If there are any major changes to this information, updates will be provided through Facebook as well as email to those that have registered.
