

AMERICAN COASTER ENTHUSIASTS

SOUTH CENTRAL

West Texas Roundup

July 5-6, 2019 at Joyland Amusement Park, Larson International and Wonderland Amusement Park

The West Texas panhandle plains, known for its rugged beauty, wide open vistas and spectacular sunsets, is also home to two traditional amusement parks and a ride manufacturer. With many of these family run treasures disappearing from our landscape, it's great to see two parks and a manufacturing facility thriving in this part of the Lone Star State. Attendees this year will have the chance to add 2 new coaster credits as both Joyland and Wonderland are adding a new roller coaster for 2019!

Joyland in Lubbock, is home to three fun coasters: An SDC *Galaxi*, a Wisdom *Orient Express* and their newest addition *Sand Storm*. In addition to these well-maintained coasters is a collection of classic carnival rides including a train, flume and skyride. Also included is a Larson Super Shot Drop Tower. David Dean and his wife Kristi always make ACEers feel right at home. First timers and returning friends will enjoy this treasured gem in Lubbock.

Larson International in Plainview, is long known for its Super Loop attractions, but the company also manufactures and refurbishes a variety of rides including Drop Towers, Flying Scooters and Tilt-A-Whirls. Larson has always welcomed ACE and has been storing a number of items for the National Roller Coaster Museum and Archives (NRCMA). ACEers will enjoy a tour of the production facility, including the NRCMA display warehouse and storage building. It's uncertain what attractions, if any, may be on the property during our visit, but if there is something operational, don't be surprised if we are invited to ride it.

Wonderland in Amarillo, boasts four coasters, *The Big Coaster*—a Pinfari Zyklon 210; *Texas Tornado*—a unique Hopkins double loop coaster; *Cyclone*—Miller mouse—one of only two left on the world, the *Hornet*—a Vekoma family coaster formerly from AstroWorld and new for 2019, *Spin-O-Saurus*—a SBF Compact Spinning Coaster. Also on hand is a great assortment of unique water rides and traditional flat rides including a classic dark ride. Paul and Paula Borchardt make everyone feel welcome with their West Texas hospitality.
