

AMERICAN COASTER ENTHUSIASTS

SOUTH CENTRAL

West Texas Roundup

July 3-4, 2021 at Joyland Amusement Park, Larson Intl., NRCMA and Wonderland Amusement Park

The West Texas panhandle plains, known for its rugged beauty, wide open vistas and spectacular sunsets, is also home to two traditional amusement parks and a ride manufacturer. With many of these family run treasures disappearing from our landscape, it's great to see two parks and a manufacturing facility still operating in this part of the Lone Star State.

Joyland in Lubbock, is home to three fun coasters: An SDC *Galaxi*, a Wisdom *Orient Express* and their newest addition *Sand Storm*. In addition to these well-maintained coasters is a collection of classic carnival rides including a train, flume and skyride. Also included is a Larson Super Shot Drop Tower. David Dean and his wife Kristi always make ACEers feel right at home. First timers and returning friends will enjoy this treasured gem in Lubbock. Attendees will receive unlimited rides.

Larson International in Plainview, is long known for its Super Loop attractions, but the company also manufactures a variety of rides including Drop Towers, Flying Scooters and Tilt-A-Whirls. Larson has always welcomed ACE and has been storing a number of items for the National Roller Coaster Museum and Archives (NRCMA). Attendees will enjoy a tour of the production facility.

The National Roller Coaster Museum & Archives is home to one of the largest collections of amusement park ride vehicles and blueprints in the world. Coaster cars from Disneyland, Cedar Point, Six Flags Over Texas and Busch Gardens are among the unique and rare photo / video opportunities you'll be able to experience!

Significantly expanded since ACE's last visit in 2019, ACE / TSU will be the first members of the public to tour the still-under-construction wing and be among the first to purchase official, one-of-a-kind NRCMA souvenirs!

Wonderland in Amarillo, boasts five coasters, *The Big Coaster*—a Pinfari Zyklon 210; *Texas Tornado*—a unique Hopkins double loop coaster; *Cyclone*— Miler mouse—one of only two left on the world, the *Hornet*—a Vekoma family coaster formerly from AstroWorld and their latest addition, *Spin-O-Saurus*—a SBF Compact Spinning Coaster. Also on hand is a great assortment of unique water rides and traditional flat rides including a classic dark ride. Paul and Paula Borchardt make everyone feel welcome with their West Texas hospitality. Attendees will receive the Ultimate WOW Pass for the day which includes unlimited rides on all attractions* and mini golf.

*The Fantastic Journey Dark Ride is limited to 1 ride.
